

SCS is pleased to bring parents of 4th—12th grade students an opportunity to learn about Cyber Safety. The internet has changed the way we interact and socialize. We are fortunate to have Rene Moore, FWISD, Director of Safe and Drug Free Schools, present the following program: "Cyber Safety: Examining the Triple Threat." This presentation will take a closer look at the triple threat: social networking, cyber bullying/sexting and online predators. Please plan on joining other parents to examine this important topic on Thursday, March 25th at 6:00 pm in the Elementary Cafetorium.

RSVP: Linda Cervas 817.294.0350
