Minimester 2011

In an effort to assist in planning for Minimester 2011, we are requesting that students and parents pre-register to indicate your interest in travel opportunities. We hope that offering a longer runway for planning will allow more students to travel, and since there is a minimum number of travelers required for each trip, and as space is limited, we encourage parents to sign on as well. We can arrange payments on RenWeb for your convenience. While some trips are designated as mission trips, all trips include a component of community service. Please note that formal registration will occur at a later date.
